EXPERIENCE

Nuage — Full Stack Developer (Full-time)

August 2026 - Present | South Africa (Remote)

Building and maintaining full-stack features for a global fintech platform — developing dashboards and interfaces for account balances and transaction history, and backend APIs and infrastructure supporting secure, multi-currency money movement for users across 100+ countries.

Freelance — Independent Contractor

December 2025 - July 2026 | Remote

Delivered short-term development engagements for clients while transitioning between full-time roles.

Mansior — Lead Front-End Developer

June 2024 - December 2025 | Lagos State, Nigeria

Led front-end development for a real estate platform, improving user experience and optimizing site performance. Collaborated with back-end teams to integrate APIs and enhance property management functionalities.

Freelance — Freelance Developer

December 2023 - June 2024 | Global (Remote)

Developed and deployed a responsive web application that improved user engagement by 40% within 2 months, enhancing the overall user experience. Implemented RESTful APIs and microservices architecture, which increased application performance and reduced load. Utilized JavaScript frameworks like React and Node.js to build scalable applications, contributing to successful project completions ahead of deadlines.

Ajian Labs — Front-End Developer

January 2023 - November 2023 | Nigeria

Developed and maintained front-end features using React.js, contributing to a dynamic team environment. Assisted in debugging and testing UI components for responsive design and performance.

Global Axis — Front-End Developer

April 2021 - September 2022 | Lagos State, Nigeria

Supported the front-end team in building UI components and fixing bugs. Gained hands-on experience in HTML, CSS, and JavaScript development.
